

MICRO HC-15 KITCHEN SCALE

The Micro Kitchen Scale delivers precision in every portion, ensuring accurate measurements for baking, meal prep, and catering. With a 15 kg maximum capacity and 1 g readability, it handles large portions without compromising accuracy, making it the perfect tool for professional and home kitchens alike.

Designed for ease of use, the scale features a tare function for measuring multiple ingredients in one container, while the blue backlit LCD display guarantees clear readings in any lighting conditions. Its intuitive interface makes portioning, check-weighing, and food prep simple and efficient.

Portable, energy-efficient, and reliable, the Micro Kitchen Scale runs on 2 × AAA batteries and includes an auto shut-off feature to conserve energy. It provides trusted accuracy, giving peace of mind for every kitchen application.
