ISHIDA UNI-3 Electronic System Label Printing Scale

more accurate and faster…

Versatile and vast software functionality, all coupled with Ishida's quality and reliability, makes the UNI-3 series a must for various retail businesses such as wholesale stores, butcher shops, green grocers, and supermarkets.

ACCURACY AND CONSISITENCY

Accurate weighing and repeatability are fundamental for every customer.

LONGEVITY AND LOW MAINTENANCE

Quality die cut thermal labels available in a large variety of sizes;
Width: 38 to 64mm and
Length: 30 to 175mm.

Printing of labels or receipt with pre-set printing speed and thermal head darkness adjustment.
High quality thermal print heads give years of trouble free, consistant printing.

SLP5 PC based software allows for easy printing of your company logo's on the label

Simple and convenient operation to call up and program a PLU.

HIGH SPEED LABEL AND PRINT QUALITY

Printing of labels or receipt with pre-set printing speed and thermal head darkness adjustment.

SYSTEM CONFIGURATION

SLP5 is a powerful Windows PC based, server/client PLU management software. It completes the UNI-3 series and takes it to new heights. The SLP5 software, the 5th generation of the ScaleLink family software, is freely configurable to make it as simple as possible for the end user to keep data up to date and synchronized on all scales in the system. Supporting mdb and SQL type databases, and the graphical user interface is by far one of the most user-friendly software in the retail scale business sector.
