# ISHIDA UNI - 3L2 LL
THE ECO-POWERHOUSE OF MODERN RETAIL

BOOST RETAIL EFFICIENCY WITH THE ISHIDA UNI-3L2 LINERLESS PRINTING SCALE

In retail, time is money.The Ishida Uni-3L2 LL delivers high-speed linerless label printing at up to 100 mm per second, ensuring that long queues don't slow your business down. With quick product recall and efficient checkout handling, you can serve more customers in less time while keeping the experience stress-free.

Accuracy and sustainiability are at the heart of the Uni-3L2. With its linerless label printing option, the Uni-3L2 reduces waste, cuts costs on backing paper, and offers greater flexibility in label length, making it an eco-friendly and efficient choice for busy retail environments. Free format linerless label printing with customizable layouts up to 58 mm wide × 175 mm long so you never have to compromise on product transparency. Side-load label rolls make swaps simple, minimizing downtime and ensuring your store stays compliant while keeping customers informed.

Beyond weighing and labeling, the Uni-3L2 is built to integrate seamlessly into today's connected retail world. With Ethernet networking included and wireless options available, multiple scales can be linked to back-office systems. This makes managing pricing, reporting, and product data across multiple stores both simple and reliable.

ScaleLink Pro 5

Please ask your local contact for working condition and licence of Scale Link Pro.

SLP5 is a powerful Windows PC based, server/client PLU management software. It completes the UNI-3 series and takes it to new heights. The SLP5 software, the 5th generation of the ScaleLink family software, is freely configurable to make it as simple as possible for the end user to keep data up to date and synchronized on all scales in the system. Supporting mdb and SQL type databases, and the graphical user interface is by far one of the most user-friendly software in the retail scale business sector.
