

MICRO HC-15 KITCHEN SCALE

The Micro Kitchen Scale delivers precision in every portion, ensuring accurate measurements for baking, meal prep, and catering. With a 15kg maximum capacity and 1g readability, it handles large portions without compromising accuracy, making it the perfect tool for professional and home kitchens alike.

Designed for ease of use, the scale features a tare function for measuring multiple ingredients in one container, while the blue back-lit LCD display guarantees clear readings in any lighting conditions. Its intuitive interface makes portioning, check-weighing, and food prep simple and efficient.
