

# Micro QSP

## Retail Counter Scale

**Trust and Transparency:**  
It features a Pole Display (QSP) that shows the weight, price, and total cost to both the operator and customer simultaneously on a bright LCD, which reduces disputes and builds confidence.

**Speed and Accuracy:**  
The scale instantly calculates prices, eliminating manual errors. Its PLU function allows quick recall of the prices for your top 10 products, speeding up transactions.

**Legal Compliance:**  
The scale is NRCS approved for Legal Metrology in South Africa, ensuring your business is legally certified for selling goods by weight.

**Portability and Endurance:** An internal rechargeable battery provides up to 90 hours of runtime, making it ideal for remote locations and power outages. It handles up to 30kg precisely.

#### Specifications

- Functions:** Pre-Set Tare, PLU (10 memory locations), Accumulation, Charge Dispensing.
- LCD display:** 20 mm Backlight LCD Display with Pole (QSP)
- Platform Pan:** Standard Stainless-Steel Pan (230 x 300 mm) with protective Dust Cover
