

## ISHIDA UNI-3L2

### THE POWERHOUSE OF MODERN RETAIL

#### BOOST RETAIL EFFICIENCY WITH THE ISHIDA UNI-3L2 LABEL PRINTING SCALE

In retail, time is money. The Ishida Uni-3 L2 delivers high-speed label printing at up to 100 mm per second, ensuring that long queues don't slow your business down. With quick product recall and efficient checkout handling, you can serve more customers in less time while keeping the experience stress-free.

Accuracy and compliance are at the heart of the Uni-3L2. From product names and barcodes to nutrition details, allergens, and pricing, this scale handles it all with clarity and precision with a variety of label sizes. Side-load label rolls make swaps simple, minimizing downtime and ensuring your store stays compliant while keeping customers informed.

Built for busy retail environments, the Uni-3L2 combines a compact footprint with powerful functionality. Available in bench or pole type to fit any retail space. The dual (orange/green) 16 segment backlit display provides operators with product details while showing customers transparent pricing. With up to 168 pre-sets and 8,000 PLUs, staff can access items quickly, boosting productivity across butcheries, supermarkets, and fresh produce outlets.

Beyond weighing and labeling, the Uni-3L2 is built to integrate seamlessly into today's connected retail world. With Ethernet networking included and wireless options available, multiple scales can be linked to back-office systems. This makes managing pricing, reporting, and product data across multiple stores both simple and reliable.

#### ScaleLink Pro 5

SLP5 is a powerful Windows PC based, server/client PLU management software. It completes the UNI-3 series and takes it to new heights. The SLP5 software, the 5th generation of the ScaleLink family software, is freely configurable to make it as simple as possible for the end user to keep data up to date and synchronized on all scales in the system. Supporting mdb and SQL type databases, and the graphical user interface is by far one of the most user-friendly software in the retail scale business sector.
