

Standard Labels

Reliable, Efficient Labelling for Retail & Food Service

In fast-paced retail and food-service environments, accurate and clear labelling is essential. Standard Thermal Scale Labels are high-quality, off-the-shelf solutions designed to work seamlessly with most leading brands of label-printing scales.

These labels are ideal for high-volume environments such as grocery stores, bakeries, butcheries, vegetable markets, and delis. They are primarily designed for short-term use in fresh food applications.

Our Services
Border Scales is accredited by SANAS and NRCS to perform Legal Metrology Verification of scales used in trade within our scope of 3kg to 3000kg.

Our trained and skilled technicians will service, calibrate and repair all equipment we sell. We offer in-house training on all new equipment installations.

- **Direct Thermal Technology:** Requires no ink or ribbon, lowering consumable expenses and simplifying operations.
- **Premium Quality:** Manufactured from top-coated thermal paper to deliver sharp, smudge-free print quality.
- **Equipment Protection:** Designed to provide reliable performance without damaging print heads, extending equipment life and reducing maintenance costs.
- **Secure Adhesion:** Strong adhesive options ensure labels stay attached to bags, trays, and packaging during handling and storage.
- **Food Safe:** Produced using food-safe materials suitable for direct or indirect food contact
