

Micro CS3T Crane Scale

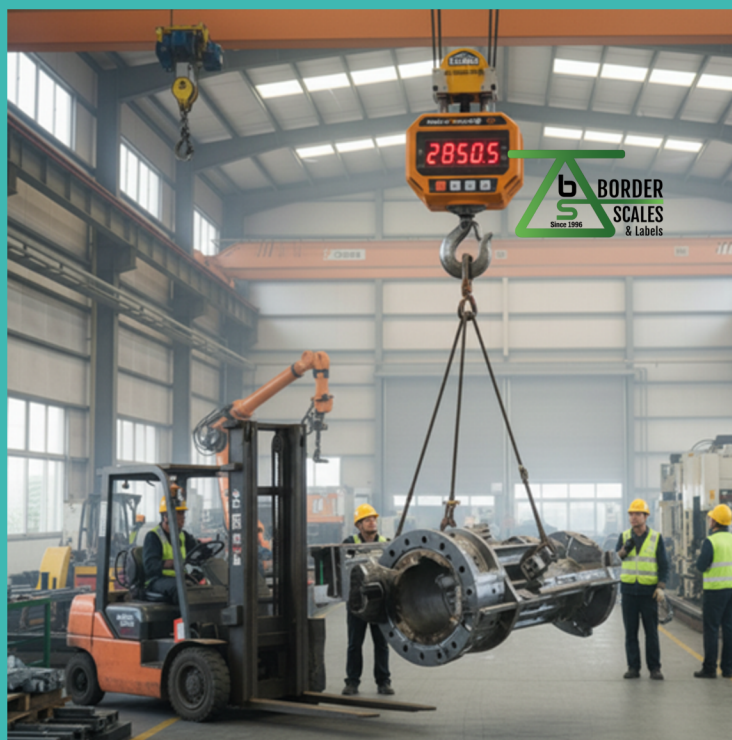

The Micro CS3T Digital Crane Scale transforms your overhead crane into a precision weighing station. This provides instant, reliable measurements right at the point of lift, eliminating guesswork, double-handling, and the need to move heavy loads to floor scales. Accurate, real-time weight readings are a strategic investment that improves operational safety, efficiency, and protects your bottom line.

Specifications

- **Maximum Capacity:** 3000kg × 1kg
- **Display:** Large bright red LED for superior visibility
- **Remote Control:** Infrared remote included
- **Construction:** Aluminium die-cast housing
- **Power Supply:** 6V rechargeable battery / AC adaptor
- **Functions:** Tare, Zero, Hold, Accumulation, Weighing Mode (kg)
- **Safety Features:** Low battery indication, Auto power-off
- **Dimensions:** W 255mm x D 210mm x H 550mm
- **Other dimensions:** L - 550mm, B - 68mm, C - 210mm
- **Weight:** 11.6kg

The CS3T boosts efficiency by allowing you to weigh directly at the crane hook, cutting out unnecessary movement and trips to floor scales. Its portable, rechargeable design enables easy movement. Features like the Accumulation function speed up batch weighing and inventory tracking, leading to higher throughput, lower labor costs, and faster turnaround times.

Engineered for tough industrial settings, the CS3T features a rugged die-cast aluminum housing that withstands common bumps and shocks. The rechargeable battery ensures uninterrupted operation, even during power fluctuations. Every component is designed for daily industrial use, guaranteeing long-term accuracy and reliability under the grind.

With a 3000kg capacity, bright red LED readout, and remote operation, the CS3T is perfect for manufacturing, logistics, warehouses, and construction sites. It simplifies quality control, shipping verification, and safety compliance, allowing you to maintain precise records and improve productivity without slowing your workflow.

Border Scales cc
Physical Address:
Cnr Courtenay & Keats Street,
Cambridge, East London, 5247

Our Services
Border Scales is accredited by SANAS and NRCS to perform Legal Metrology Verification of scales used in trade within our scope of 3kg to 3000kg.
Our trained and skilled technicians will service, calibrate and repair all equipment we sell. We offer in-house training on all new equipment installations.
